Prioritizing park improvements: other than the playground, what is most important to you?

The following list is derived from stakeholder input from survey results, meetings, conversations, and emails. Use the following graphic of numbered park improvements as a reference:

Please rate each one from 1 to 5:

- 1 = top priority
- 2 = very important
- 3 = I can see the need
- 4 = it would be nice, but I can do without it
- 5 = I don't want this to happen

Note: We understand that drainage improvements are a top priority, and they will be under consideration with the playground installation. It is therefore not listed.
