Subject: CSPR 988 by In2Blue Design for work adjoining the Stamford Harbor Management Area

Dear Mr. Cole:

The Stamford Harbor Management Commission (SHMC) has reviewed the application for Coastal Site Plan Review submitted to the Land Use Bureau by In2Blue Design (the Applicant). The Applicant seeks approval to construct an in-ground swimming pool with site improvements at 25 Lighthouse Way.

As the Applicant's proposal affects property on, in, or contiguous to the Stamford Harbor Management Area, it is subject to review by the SHMC to determine its consistency with the Stamford Harbor Management Plan. The requirements of this review are specified in Sec. 22a-113p of the Connecticut General Statutes, Sec. 6-62 of the Stamford Code of Ordinances, and the Harbor Management Plan. Pursuant to the General Statutes, City Code, and Harbor Management Plan, a 2/3 vote of all members of the Zoning Board is needed to approve a proposal that has not received a favorable recommendation from the SHMC.

During its meeting on August 24, 2015, the SHMC approved a motion to find the proposal consistent with the Harbor Management Plan provided the Applicant is required to employ all appropriate best management practices during construction and operation of the swimming pool as necessary to avoid any significant adverse impacts on environmental quality, including water quality, in the Harbor Management Area.

Please be advised that the SHMC reserves its right to review the Applicant's proposal and provide additional comments at such time as it may be modified or be the subject of another application, additional information is provided, or the proposal is the subject of a public hearing.

If you have any questions or require any additional information, please contact me at (315) 651-0070 or dortelli@stamfordct.gov.

Sincerely,

A handwritten signature in black ink, appearing to be 'D. Ortelli', with a long horizontal stroke extending to the right.

Chairman, Stamford Harbor Management Commission
