Mianus Chapter of Trout Unlimited
P.O. Box 475
Wilton, CT 06897

To whom it may concern:

I understand that the purpose of the Trout Unlimited Mianus River Stream Restoration Project is to restore habitat, create thermal refuge, and stabilize stream banks in the Mianus River.

The location of the project is in Mianus River Park on City property. I authorize the Mianus Chapter of Trout Unlimited and contractors Troutscapes, LLC to complete work in the Mianus River once all of the required regulatory agencies evaluate the plans and provide the necessary approvals and sign-offs before any work commences. And once work commences, I grant permission to Troutscapes, LLC and agent Mianus Chapter of Trout Unlimited to access this portion of City property from the riverbank to complete the work. The Mianus Chapter will notify this office and Erin McKenna, Associate Planner in the City of Stamford Land Use Bureau, prior to construction and upon completion of the project.

Thank you for your continued river restoration project.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Matt Quiñones', is written over a white background.

Matt Quiñones
