

PROJECT UPDATE
PERNA LANE AREA SEWER PROJECT
SEP 20, 2018

Solicitation for construction services for Phase I of the Perna Lane area sewer project was advertised on June 27, 2018 and bids were opened on Aug 23, 2018.

Only one bid was received at \$14+ million, which was almost twice the engineers' estimate at \$7+million. Following detailed review of the bid it was determined that the bid price was excessively high and should be rejected.

The project will be re-advertised for bids in anticipation of receiving more competitive bids.
