Q: Can a team that is pursuing the Comprehensive Plan also propose this Neighborhood Plan, or would that be considered a conflict?

A: **Yes, teams pursuing the Comprehensive Plan can also pursue this Neighborhood plan.**

Q: Can the City estimate the time horizon for the plan (3 years, 5 years, etc.) and number of projects that will be feasible for the City to implement during that time horizon?

A: **Recommendations for projects from the plan should be short (1-3 years), medium (4-8 years), and long (9-15 years). The number of feasible projects should be determined by the consultant team in cooperation with the city based on feasibility, available funding and grants, and the desire of the community.**

All other terms and conditions of **RFP No. 2024.0171** remain the same.
