Quinones stated the legal department has advised the committee that the location for this potential zone is considered private property, owned by the URC and thus the committee has no authority to establish a zone. The URC has the ability to establish their own zone and select the vendors, provided all vendors have active health department permits.

A motion was made and approved unanimously to adjourn the meeting.
Representative Quinones adjourned the meeting at 10:20am

Respectfully submitted,

Matthew Quinones
