worked with Focus Groups to identify what was problematic.

- Dr. Calder said the marketing team was able to map certain areas that were specific to Hispanics and African Americans. She said a vast majority of Hispanics were concerned about deportation versus African Americans who had an issue with past atrocities like Tuskegee. She said the common theme was fear of the vaccine because they didn't know enough about it.
- Dr. Calder said funding was available for vaccine education & promotion through banners, flyers, variable messaging boards, incentives for getting vaccines, bus sheds, and CT City transit bus ads. She also said there will be a town hall meeting scheduled tonight for the faith based community.
- She said she is working with Columbia University School of Public Health and they have provided her with a dashboard which is still proprietary and thus not public. Dr. Calder stated the reason the dashboard is not public is because the Health Department has not deidentified the data to protect the security of individuals.
- Dr. Calder shared the dashboard information which showed daily totals of cases, deaths, tests, vaccination data and the age, race and gender of all individuals recorded.

**Introduction of New Health Commissioners
& Health Department Staff**

- Dr. Calder also shared COVID-19 case clustering data within the past two months. She said this helped to help promote education, safety protocols and vaccination accessibility in these areas.
- Dr. Getreuer said he apologies if Dr. Calder’s report seemed to be rushed. He explained Dr. Calder is out on medical leave and is technically not supposed to be at the Health Commission meeting. Dr. Getreuer said he thought Dr. Calder had so much information to share, he wanted to give her a couple of minutes to do that.
- Dr. Getreuer said the Health Commission has two new member that joined today and notice was only provided 24 hours ago. He said having a meeting and getting both members to the meeting in such a short period of time is pretty much unprecedented.
- Dr. Getreuer introduced Ms. Lorraine Olson and Dr. Viviane Trinh, asking they briefly tell the Commission about themselves.
- Dr. Viviane Trinh said she was honored to be a part of the board. She said she is a resident, born and raised in Stamford, CT. Dr. Trinh stated she is currently a dentist and has set up dental clinics throughout Connecticut and the State of New York. She said she is also getting her Master’s degree in Public Health and she hopes to contribute a lot to the board.
- Ms. Lorraine Olson said she has been a Nurse for almost 50 years, also has a degree in social work, has worked for the Health Department for almost 20 years, and is very active in the community.

- Ms. Olson asked if Deidre Anspach would be staying on but in a different capacity.
- Dr. Fortt asked Ms. Bishop-Pullan if she mentioned who the Director of Nursing will be.
- Ms. Parry asked has the entire City opened up, are all the workers back in place, and are we resuming a lot of our usual work?
- Ms. Parry said Dental Hygiene has not been operating and wanted to know if that was something that would resume in September.
- Ms. Olson asked if the Health Department was going to be hiring more dental hygienists.
- Ms. Parry said she would really love to know what shortages the Health Department currently has, particularly in Nursing. She said she would also like to know do we have nurses in all the schools and how many.
- Mr. Jankowski said the Health Department has a new Director of Nursing and Dental starting within the next two weeks, her name is Judith Bennett. He said he will get the resume over to each Commissioner to review.

- Ms. Bishop-Pullan responded yes, Deidre Anspach will not be the Director of Nursing but will continue to do the work of the vaccination clinics.
- Ms. Bishop-Pullan said she hadn't. Mr. Ted Jankowski may have the name of the person.
- Ms. Bishop-Pullan responded yes, the Health Department has been back and doing that type of work.
- Ms. Bishop-Pullan confirmed this was true.
- Ms. Bishop-Pullan said she does not know that but she does know there would be the Case Manager position that has not been filled yet. She said she would have to discuss and see if we would be moving forward on more dental hygienists.
- Ms. Bishop-Pullan said that she would get that information. Ms. Bishop-Pullan also said she believes there are four Nurses and five inspector positions.

- Mr. Jankowski said he believes Ms. Bishop-Pullan is correct, there are four environmental health inspector and five nursing positions that they are pushing to hire. He said he is going to have a conference with Vanesa Francis from Human Resources and will have a better update later this afternoon.
- Mr. Jankowski said Dr. Calder is on leave for personal reasons, Ms. Bishop-Pullan is the Interim Director and we believe that is going to be for approximately 90-days, but that is up to Dr. Calder.
- Mr. Jankowski said Jody has been with the Health Department before, she has filled in as the Interim Health Director and she has a lot of knowledge with the departments. He said a lot has changed since Ms. Bishop-Pullan left the City a few months ago, so she is really hitting the ground running, trying to catch up on everything, but he believes the department is in good hands.
- Mr. Jankowski informed the Commission the Mayor has a webinar every Tuesday evening at 6pm, going into detail about where we are with COVID, what programs we have out there and different guest speakers presenting.
- Mr. Jankowski said on June 23rd there will be a recognition ceremony for all MRC & CERT Volunteers. He said he believes Stamford has the best MRC & CERT Volunteers out there; they are always willing and available whenever we need them. Mr. Jankowski said it's the least we can do to acknowledge the great work they have done.

<ul style="list-style-type: none">• Police Department	<ul style="list-style-type: none">• Mr. Jankowski said mental health is something we are focusing on and trying to address and there are four areas we've been focused on since January 2020. He said they have put together a mental health collaborative and the trend he has seen is a lot of mental health incidents among youth.• He said PD is currently thinking outside the box to adapt their response. When a mental health call comes into 911 Communications, they triage the call. He said if there is any type of violence involved or anything PD believes would put others in danger, PD has to go in first. If there is no danger, they are now sending EMS to respond first and PD will standby.• Mr. Jankowski said right now there is a 35% reduction in PD responses to mental health calls to 911.• Dr. Getreuer questioned if Mr. Jankowski has 911 Operators involved in the same to control health training as PD.• Mr. Jankowski said the 911 Communication department right now is staff challenged. He said we do have five new dispatchers who have been hired and Joe Gaudett is looking to bring his staff up to speed.• Mr. Jankowski said we have partnered with Recovery Network Program (RNP) and have a Social Worker embedded with the Stamford Police Department.	<ul style="list-style-type: none">• Mr. Jankowski said we have to provide more training. He said the training is Crisis Intervention Team Training, a 40-hour training that is proactive on the Police Department's part because it is not a requirement now.
